

Shuowen JIN (靳硕文)

IAS, Bâtiment 121, Université Paris-Saclay, 91405 Orsay, France

Web: <https://highz.github.io/> Emails: shuowen.jin@universite-paris-saclay.fr ORCID: [0000-0002-8412-7951](https://orcid.org/0000-0002-8412-7951)

I am an astronomer investigating galaxies and galaxy clusters in the early universe, aiming to understand their formation, their growth, the evolution of their properties, and their death. I accomplished 100+ peer-reviewed publications with 5000+ citations, including 17 papers as the first/second author.

Positions

2026 – present	STAR-Phy Fellow Institut d'Astrophysique Spatiale (IAS), Université Paris-Saclay, France
2024 – 2026	DAWN Fellow
2022 – 2024	Marie Curie Fellow
2021 – 2022	Postdoctoral researcher Cosmic Dawn Center, DTU Space, Technical University of Denmark
2019 – 2021	Postdoctoral researcher Instituto de Astrofísica de Canarias (IAC), Spain

Education

2014 – 2018	PhD in astronomy School of Astronomy and Space Science, Nanjing University, China Supervisors: Emanuele Daddi, Qiusheng Gu
2015 – 2017	China Scholarship Council PhD Fellowship CEA Paris-Saclay, France Supervisor: Emanuele Daddi
2011 – 2014	Master's in astrophysics Purple Mountain Observatory, China Academy of Science, China
2007 – 2011	Bachelor's in physics Sichuan Normal University, China

Grant as PI

-
- 1) France ANR T-ERC StG 2025
Budget: 100k EUR
 - 2) EU Marie Skłodowska-Curie Actions (MSCA), project : [FIRSTDUST](#), 2022 – 2024
Budget: 230k EUR
 - 3) China Scholarship Council PhD Fellowship, 2015 – 2017
Budget: 29k EUR

Honor & Award

-
- 1) UPSaclay STAR Phy Fellowship 2025
 - 2) Marie Curie Postdoctoral Fellowship 2022
 - 3) [AAS & IOP China Top Cited Paper Award 2022](#)
 - 4) [AAS & IOP China Top Cited Paper Award 2021](#)
 - 5) China Scholarship Council PhD Fellowship 2015

Publication

Complete publication list on Google Scholar:

<https://scholar.google.com/citations?user=8a-Wl6gAAAAJ&hl=en&oi=ao>

Statistics: 107 peer-reviewed publications; Total citations: 5500+; **H-index: 45.**

8 papers as 1st-author (of which 4 without PhD supervisor; **2 top-cited paper awards**).

9 papers as supervisor (of which 5 without PhD supervisor).

Co-supervision

PhD student:

- N. Sillassen (DAWN), *publications*: Sillassen, **Jin** et al. 2024, 2025a,b, 2026
- M. Brinch (DAWN → U. Valpariso), *publication*: Brinch, **Jin** et al. 2025
- V. Kokorev (DAWN → UT Austin), *publications*: Kokorev, **Jin** et al. 2023a, 23b
- M. Shuntov (IAP → DAWN), *outcome*: 2 NOEMA proposals; Shuntov, **Jin** et al. 2025
- Le Bail (CEA Saclay → UC Merced), *outcome*: CEERS FIR catalog
- D. Blaquez Sese (DAWN), *publication*: Blaquez Sese et al. 2023
- D. van der Vlugt (Leiden), *publication*: van der Vlugt, Hodge, **Jin** et al. 2023

Master student:

- N. Sillassen (DTU → DAWN), *publication*: Sillassen, **Jin** et al. 2022
- M. Merchant (KU), *outcome*: Synthesis project report
- H. Lei (KU), *publication*: Lei et al. 2023

Awarded telescope time

PI/leading projects:

- **1 JWST** proposal (7 hrs)
- **7 ALMA** proposals (36 hrs)
- **11 NOEMA** proposals (244 hrs)
- **1 VLT/FORS2**: 112.25JF (6 hrs)
- **1 Keck/DEIMOS**: 2023B N183 (2 nights).
- **1 VLA**: 26A-093 (17.2 hrs)

Co-I projects:

ALMA 350+ hrs; NOEMA 610+ hrs; JWST 22 hrs; VLT 20+ hrs; VLA: 20+ hrs.

Scientific presentation: 15 invited (of which 3 colloquia), >20 contributed.

Invited colloquia:

- 07/2024, Nanjing University, Nanjing, China
- 06/2023, Observatory of Rome, Italy
- 04/2021, Xiamen University, China

Invited talks (selected):

- 06/2026, DAWN Day meeting, Lyngby, Denmark
- 09/2025, ALMA FPA workshop, Bonn, Germany
- 06/2024, First Structures 2024 conference, Paris, France
- 06/2024, Cosmic Odysseys conference, Crete, Greece
- 12/2023, lunch talk, Leiden University, The Netherlands
- 01/2021, virtual seminar at LAM, Marseille, France
- 10/2019, CSIRO Marsfield, Australia
- 04/2019, seminar, NRAO, Charlottesville, US
- 05/2018, seminar, NAOC, Beijing, China

Major international team

Euclid Consortium, COSMOS, COSMOS-Web team, DAWN JWST Archive (DJA) team, ALMA FPA team, ALMA CHAMP LP, NOEMA NICE LP, NOEMA z-GAL LP, MIGHTEE

External stay & training

- 12/2023, Leiden University, invited by Prof. J. Hodge.
- 06/2023, Observatory of Rome, invited for colloquium presentation.
- 11/2022, IRAM Grenoble, France, 11th IRAM Interferometry School.
- 09/2019, CSIRO Marsfield, Australia, for ATCA observations.
- 08/2019, IRAM Grenoble, France, for NOEMA data reduction.
- 06/2019, ASTRON, The Netherlands, for VLBI data reduction.
- 03/2019, NRAO Charlottesville, US, invited by Dr. Emonts for ATCA data reduction.

Community service

Reviewer for journals

MNRAS, A&A, ApJL.

Reviewer for telescope proposals

JWST Cycle 4 Discussion Panel
